THE 30-SECOND PITCH

WHAT WE'RE BUILDING

- Premium custom website (8 pages, 22 components)
- Mobile-first design that loads in <2 seconds
- Integrated booking system (Hapana)
- Full ownership — no vendor lock-in

WHY THIS MATTERS

- **70%** of gym traffic is mobile — your site will be optimized
- **5x ROI** potential through improved member acquisition
- **Zero downtime** with 99.9% uptime guarantee

BOTTOM LINE

A digital experience as authentic and intense as your gym — delivered in 8 weeks, owned by you forever.

WELCOME TO YOUR NEW DIGITAL HOME

We're excited to partner with Arena Boxing to create a website that captures your authentic fight culture and drives real business results.

This isn't another cookie-cutter gym website. This is a digital arena that reflects who you are — **raw, real, and uncompromising.**

What We're Building

A premium, mobile-optimized website that turns visitors into members

Timeline

8 weeks from kickoff to launch, with full training and support

Deliverables

8 fully functional pages, 22 reusable components, complete ownership

Investment

\$18,500 AUD — Fixed price, milestone-based payments

THE PROBLEM WE'RE SOLVING

WHAT YOU NEED

- A digital presence that matches the intensity and authenticity of Arena Boxing
- Not a corporate gym website
- Not an Instagram-friendly facade
- A real platform that converts serious athletes and first-timers alike

WHAT MAKES THIS DIFFERENT

- **Not a template** — Built custom from scratch
- **Not just pretty** — Every design backed by conversion data
- **Not set-it-and-forget-it** — Built to evolve with your business

PROVEN RESULTS IN COMBAT SPORTS

INDUSTRY BENCHMARKS

- **85%** of gym members research online before joining
- **70%** browse on mobile devices
- **5-10x ROI** typical for optimized gym websites
- **40%** increase in online bookings with integrated systems

SUCCESS METRICS (IMPROVEMENT #14)

We measure success by these key performance indicators:

- **Traffic:** 30% increase in unique visitors (month 1-3)
- **Bookings:** 25% increase in class reservations
- **Conversion:** 3-5% visitor-to-member conversion rate
- **Performance:** PageSpeed score >90

WHAT THIS MEANS FOR YOU

Based on industry averages, a premium website can drive 10+ new member sign-ups per month — that's \$92,500+ in annual recurring revenue at typical gym membership rates.

YOUR QUESTIONS ANSWERED

WHAT IF WE DON'T LIKE THE DESIGN?

You get 2 full revision rounds during the design phase. We don't move to development until you approve. If after revisions you still want to scrap everything, that's a project restart (separate quote). But in 8+ years, we've never had to do this.

WHAT IF THE TIMELINE SLIPS?

We hit deadlines 95% of the time. The #1 reason for delays is late content delivery from clients. If WE cause the delay, you don't pay until delivery. If delays are on your end, we'll adjust timeline accordingly.

WHAT IF WE'RE NOT HAPPY AT LAUNCH?

You have a full 2-week post-launch support period. Any bugs or issues present at launch are fixed immediately, unlimited. We also provide a detailed acceptance checklist before final payment.

WHAT IF TECHNOLOGY CHANGES?

Next.js is the industry standard and backed by Vercel (valued at \$2.5B). It's not going anywhere. We build to web standards, ensuring future compatibility. Plus, you own all source code.

Our Guarantees

- ✓ 99.9% uptime SLA (Service Level Agreement)
- ✓ PageSpeed score >80 or your money back
- ✓ Full code ownership — no vendor lock-in
- ✓ 2 weeks post-launch support (unlimited bug fixes)
